Petitioner/applicant is cautioned to avoid submitting personal information in documents filed in a patent application that may contribute to identity theft. Personal information such as social security numbers, bank account numbers, or credit card numbers (other than a check or credit card authorization form PTO-2038 submitted for payment purposes) is never required by the USPTO to support a petition or an application. If this type of personal information is included in documents submitted to the USPTO, petitioners/applicants should consider redacting such personal information from the documents before submitting them to the USPTO. Petitioner/applicant is advised that the record of a patent application is available to the public after publication of the application (unless a non-publication request in compliance with 37 CFR 1.213(a) is made in the application) or issuance of a patent. Furthermore, the record from an abandoned application may also be available to the public if the application is referenced in a published application or an issued patent (see 37 CFR 1.14). Checks and credit card authorization forms PTO-2038 submitted for payment purposes are not retained in the application file and therefore are not publicly available.

(In the space provided below, please explain in detail the reasons for the delay in filing a proper reply.)

The Notice of Abandonment indicated the reason for abandonment as being "No reply has been received".

Applicant timely filed the required Appeal Brief by facsimile on the non-extended deadline of April 14, 2008 (as set by the Notice of Panel Decision from Pre-Appeal Brief Review dated March 14, 2008). Attached is a copy of the Appeal Brief as filed by facsimile. The Appeal Brief bears on the front page a Certificate of Transmission By Facsimile on April 14, 2008. The Patent Office acknowledged receipt of Applicant's facsimile transmission. Attached is a copy of the Auto-Reply Facsimile Transmission from the Patent Office, acknowledging receipt of Applicant's facsimile transmission (the complete 19 pages of the Appeal Brief) on April 14, 2008.

Accordingly, it is clear that the Patent Office timely received Applicant's filing of the Appeal Brief, even though the Notice of Abandonment indicated "No reply was received".

Given that Applicant timely filed the Appeal Brief, but for circumstances beyond Applicant's control the Appeal Brief was not lodged as having been filed at the Patent Office; Applicant respectfully requests withdrawal of holding of abandonment in this case.

Further, given the cause of the "delay" leading to abandonment appears to arise at the Patent Office, Applicant respectfully requests waiver of the fee for the current Petition.
